Protect Our City Services - 7:45pm, 15 minutes

Measure 26-267 would amend Portland's city charter to permanently dedicate at least 2% of General Fund discretionary spending — \$16 million a year, per the certified ballot title — to a participatory budgeting program. Because it's in the charter, City Council couldn't adjust, pause,

or repeal it if problems arose; only another ballot measure could.

We had the Your Two Cents campaign out to discuss this ballot measure earlier this year, so we felt it was only fair to have the opposition campaign out to discuss the measure in full.

[Note: The HNA does not yet have a policy about endorsing or opposing ballot measures, but we want to bring information to our members about issues on the ballot that may affect them]

ANNOUNCEMENTS

Yard sign! All members are free to take a yard sign. QR code directs folks to humboldtportland.org. To prevent theft and vandalism let's keep them in yards/private property, not in the right-of-way which is not legal.

Check your voter registration and make a plan to vote for the general election Tuesday November 3. USPS is no longer reliably delivering ballots on time - plan on using a ballot dropbox.

October 1 - Immigrant Family Resilience and Stability program - This is a new MultCo program to provide financial assistance to immigrant families with a child under 18 who have been affected by family detention. Program is closed for September but opens back up on October 1. Applicants need to use google form to request assistance. \$3k limit for rent assistance and \$1k limit for direct assistance.
